FROM FABRIC TO FINISH.

01 / Cut and sew

Share technical drawings, measurement charts, tolerances and fit references for pattern development and sampling.

02 / Fabric sourcing

Specify composition, GSM, colour, hand feel and performance. Request sustainable options with supporting documentation.

03 / Decoration

Screen printing, embroidery, sublimation and heat transfer. Provide artwork dimensions, colour references and placement.

04 / Private label

Brand and care labels, hangtags, size identification and polybag packaging to your specification.

A CLEAR PATH TO PRODUCTION.

Brief > Quote > Sample > Production

Confirm specifications and pricing, approve a sample, agree an inspection plan, then arrange dispatch.

Terms tailored to your project

Operating since 2000. Capacity up to 100,000 pieces monthly. MOQ: 30 pieces. Samples: one week. Bulk: 7-14 days depending on quantity. Shipping transit is separate. Confirm the schedule and sample costs in your quote.

Quality and shipping

Request 4-point inspection or AQL 2.5 if needed. DDP/CIF availability, air/sea freight, customs responsibilities and insurance must be confirmed per order.

Send a complete brief

Include product category, quantity by style/colour/size, fabric and GSM, artwork, destination and target date. Email info@awexaintl.com or use the quote form at www.awexaintl.com/contact.html.
